

42nd INTERNATIONAL ASILOMAR CHROMATIN, CHROMOSOMES AND EPIGENETICS CONFERENCE

Keynote Speaker

Michael J. Hendzel, University of Alberta

Myriam Hemberger, University of Calgary

Confirmed Speakers

LeAnn Howe, University of British Columbia

Melanie Ott, University of California

Viviana I. Risca, The Rockefeller University

Gary P. Schroth, Illumina

Mathieu Blanchette, McGill University

Martin Sauvageau, Montreal Clinic Research Institute

Mayra Furlan-Magaril, National Autonomous University of Mexico

Mirit I. Aladjem, NCI, National Institutes of Health

Featured Sessions

Epigenetics and Metabolism

DNA Replication and Repair

Epigenetics, Cell Differentiation and Disease

Nuclear Organization

Bioinformatics Tools for Functional Genomics

Regulation of Transcription

Non-coding RNAs

Topological Genome Organization
